CLIMATE CONTROL
MORE THAN A FAN

Breezer Mobile Cooling units offer a highly efficient, budget-friendly solution to the dangers of excess heat, whatever the location or situation.

As the industry’s most advanced mobile cooling unit, it is designed to keep the ambient temperatures in commercial, industrial, and other settings comfortable and the people in them within a healthy thermal zone.

• Cools up to 100 feet away
• Reduces temperature by up to 27°F (15°C)
• Water tank can last up to 5 days
• Doesn’t get users or equipment wet
• Minimal to no maintenance costs
Our cooling units feature an innovative, patented design based on jet propulsion technology, delivering direct cooling where you need it the most.

**Power Breezer™**

**BREEZER // COMMERCIAL**  
**CAT-CLASS: 700-1280**

Smart climate control solutions for a wide variety of settings and situations.

- Durable and portable design can be used in outdoor and partially covered environments
- Minimal maintenance with no filters to clean or replace results in cleaner air
- Easy 2-minute set-up just add water and turn on
- Oscillating head cools a wide area

**OSHA Compliant**
**ETL Certified • (USA and Canada)**
