PERSONAL PORTABLE LIFTS

Easy to assemble, operate, and maintain. The safer, more versatile alternative to ladders and scaffolding for low-level access.

- Small footprint, making it easy to maneuver through narrow spaces
- Eco-friendly with no batteries, hydraulics or oil making them low maintenance and easy to use.
- Innovative power free design
- Safe and easy to use

ECOLift Series

**JLG // ECOLIFT 70**  CAT-CLASS: 400-1050

- Small footprint, making it easy to maneuver through narrow spaces
- Eco-friendly with no batteries, hydraulics or oil making them low maintenance and easy to use.
- Innovative power free design
- Safe and easy to use

LiftPod®

**JLG // FT70**  CAT-CLASS: 400-1070

- New telescoping mast provides clearance when needed and can be easily stowed
- Can be assembled in minutes with two people
- Lightweight components fit in a pickup truck or van for easy transport
- Non-marking caster wheels added to rear of machine optimize mobility in tight spaces and won’t scuff nice flooring surfaces
- 360-degree range of motion with anchor point
- Powered by power pack kit including lithium-ion batteries
